\* Compensation is your gross salary minus your retirement (IPERS) deductions. The maximum amount you may contribute is reduced by deductions for FICA, insurances, flexible spending accounts, employee organizations, assignments, and other like items. Contributions must not exceed the IRS maximum limits shown above.

\*\* A calculation is required to determine the actual amount available under the 15-Year Catch-up. If an employee is eligible for both catch-ups in the same year, that year's 15-Year Catch-up must be used first, before contributing under the Age 50+ Catch-up. To be eligible to utilize the 15-year catch-up, a participant must have worked for the current employer full-time for at least 15 years, used less than the lifetime maximum of \$15,000, and contributed an average annual contribution of \$5,000 or less.

\*\*\* Total limit for employees age 50+ who contribute the full Age 50+ Catch-Up is \$63,500 for 2020 and \$64,500 for 2021.
